 2. Play video games on the smallest available television screen.
 3. Do not play if you are tired or need sleep.
 4. Play in a well-lit room.

- Avoid excessive play. Parents should monitor their children for appropriate play.
- Take a 10 to 15 minute break every hour, even if you don't think you need it.
- If your hands, wrists, arms or eyes become tired or sore while playing, or if you feel symptoms such as tingling, numbness, burning or stiffness, stop and rest for several hours before playing again.
- If you continue to have any of the above symptoms or other discomfort during or after play, stop playing and see a doctor.

NINTENDO Wi-Fi CONNECTION

To play Nintendo DS games over the internet, you must first set up the Nintendo Wi-Fi Connection on your Nintendo DS system. Please see the separate Nintendo WFC Instruction booklet included with this game for directions on setting up your Nintendo DS.

To complete the Nintendo Wi-Fi Connection setup, you will also need access to a wireless network device (such as a wireless router) and an active broadband or DSL account.
